Dear James CADLOW.

RE: June 13th, 2006 New York Article on Subject of Jailed for Outing the Mullah Mafia

On June 13th, 2006 I received your kind e-mail which was dated June 13th, 2008 with one attachment to the above article. I really appreciate for taking the time, and e-mailing it to me, and would like to take this moment to apologize to you for not responding to you promptly. The Sarbazan organization is short on human capital, and facing high volume of work. Hence, it gives you a better idea to you for this delay respond.

Recently, the cleric regime is going through some kind of dubious revelation which is not new to Iranian dissidents. As Mr. Amir TAHERI said "the Revolutionary Guard is trying to force the mullahs to give it a bigger share of lucrative businesses. And Ahmadinejad's opponents want to clip his wings in case they have to make a deal with the Western powers." In addition, the Sarbazan organization has formulated its own opinion about Abbas PALIZAR which is not any different than Mr. TAHERI. The Sarbazan organization posts weekly paper, and decided to express its view on that subject matter. You may want to click on below web link to view the Sarbazan position on recent development in Iran. Also, the Sarbazan organization attached its original paper for your attention.

Thank you,

Kind regards

Signed
