### When the Devil Runs Out of Trick

In 1979, the cleric had difficult time to provoke masses against the Pahlavi Dynasty, and there was needed for some kind of ammunition to revolt masses against the Pahlavi Dynasty. The cleric decided to burn Cinema Rex of Abadan while patrons were inside of the cinema that they were watching a movie. This Cinema Rex of Abadan was located in a sensitive part of city of Abadan; it was located in a hardworking neighborhood, and hardworking people will do revolution and not elite of a society. The elite of a society is busy with wealth accumulation in their banks. When the incident took place and char bodies were recovered, it stirred public emotion throughout Iran. The cleric's idea of provoking masses against the Pahlavi Dynasty worked like a charm. Recently, the cleric regime pulled same above stunt at one of Mosque in city of Shiraz with different tone of violence.

On April 12<sup>th</sup>, 2008 one bomb exploded in one of Mosque in city of Shiraz, which claimed 12 persons and 200 people sustained injury as a result of explosion.<sup>1</sup> The story is not about human causality, the story is about how the devil is running out of trick to occupy Iranian people's mind with death and destruction and wary their minds from economic pressure from sanction which are imposed on Iranian people because the cleric regime wants to develop nuclear bombs to wipe Israel from the surface of earth.

There is an account of Mullah Mohammed Anjavinejad, who was preaching in that Mosque and he raised allegation against Sunni Sect of Iran, as well as, Baha'i faith groups for planting a bomb in the Mosque due to Mullah Mohammed Anjavinejad harsh criticism of Wahhabism and Baha'ism.<sup>2</sup>

There are two reasons not to believe what Mullah Mohammed Anjavinejad says. First, Baha'i faith group refrain from participating in any kind of political process and do not engage in any kind of terrorist act, it is against their faith. The Baha'i faith group has been subject to persecution by the cleric in Iran. Subsequently, Mullah Mohammed Anjavinejad is brainwashing public to seek persecution against Baha'i faith group.

Sadly, the Bahai faith group has been subject to most cruel and unusual treatment of Islamic Republic in Iran, and so far humanitarian organizations have done nothing to improve their conditions in Iran.

The last point would be that there is an mature video clip which illustrated a man was wearing a white clothes, and was standing in the middle of the Mosque, as he raised his hands straight upward, there went the explosion, which began to make a critical question, how come when this man, who was wearing a white clothes because it is nature of white clothes which is more visible to eyes and easily to be identify in a jam packed room, who raised his hand upward and made a circle and was coordinated with explosion? The devil is running out of trick.
